

RUBLEE DOES NOT
WANT THE PLACE.TALK OF HIS CANDIDACY IS
"ALL POPPYCOCK."

Milwaukee Editor Denies that He Is W. D. Hoard's Residuary Legatee—Wanted the Bennett Law Dropped in the 1890 Campaign—Thom wants Headquarters in Milwaukee.

MILWAUKEE, Feb. 20.—"This talk of The Oshkosh Northwestern about my being a candidate for governor is all poppycock," said Horace Rublee, of The Sentinel to-day. "My ambition does not run in that direction, although the chances of an election appear to be promising. Neither am I the lineal descendant of Governor Hoard. I had nothing whatever to do with his administration, did not recommend any of his appointments. I never saw any of his messages until they were written, and furthermore I did not get up the platform on which he ran the second time. It was a mass of excuses. I was satisfied that the Bennett law ought to be dropped, and so far as I was concerned I dropped it. I do not regret having supported that measure, and I still believe in its principles, but not its details."

SENATOR WHITE FOR JUSTICE

Louisiana Senator's Nomination Something of a Surprise.

WASHINGTON, Feb. 20.—Senator White, Louisiana, was yesterday nominated for associate justice of the Supreme court. The nomination was a complete surprise. No one had the slightest intimation of it. Those nearest the President believed that he would nominate Judge Cullen of New York.

The haste of the senators to show courtesy to their colleagues would not even permit Senator Daniel of Virginia to finish his speech on the Hawaiian resolution. Daniel, after an interchange of glances with his fellow senators announced that he would conclude his speech at a later time, and Senator Caffery moved that the senate proceed to the consideration of executive business. The doors were at once closed, but the representatives of the press on the outside needed no confidential message from the interior to apprise them that the proceedings were in marked contrast to the scenes and incidents that attended the last two Supreme court nominations.

Senator White was not at the capitol, but was no doubt aware of the honor about to be bestowed upon him, although it was a surprise to every other man in the senate.

The motion to confirm the nomination was made by Senator Pugh (dem., Ala.), who made a speech eulogistic of the nominee, and was followed by Senators Hoar, Teller, Hill and Caffery, all except the latter members of the Judiciary committee. Senator Hill said that while he regretted that the President had in his wisdom seen fit to go outside of New York for a man for the office, he was pleased that the choice had been made so wisely. The injunction of secrecy was removed from the confirmation of Mr. White and the fact made known officially.

In commenting on the nomination of Senator White the newspapers of Louisiana express satisfaction at the honor done the state in the selection of its able representative; and proudly assert that Justice White is the peer, physically and mentally, of any man now on the bench of the Supreme court.

The belief is strong in the Louisiana delegation in congress that Representative Blanchard will be appointed by Gov. Foster as senator to fill the unexpired term of Senator White.

BLAND STILL STRUGGLING.

Fight to Limit Debate on the Seigniorage Bill Continued.

WASHINGTON, Feb. 20.—The struggle to secure a quorum to order the previous question on Mr. Bland's motion to close debate on the silver seigniorage bill was resumed in the house yesterday morning. Immediately after the reading of the journal Mr. Dearmond (dem.), of Missouri, came forward with a new device for preventing filibustering in the shape of an amendment to the rules, which he asked to have referred to the committee on rules. The proposed amendment was referred.

The next call developed the presence of 251 members, and the vote again recurred on Mr. Bland's motion. Bland appealed that it was not fair for opponents of the bill to ask for indefinite debate and then filibuster when the time came for taking the vote. He should persist, he said, until a vote on the bill was taken. The motion again failed for lack of a quorum—150 to nothing—a loss of five votes compared with the preceding roll call.

After other futile roll calls Mr. Tracey moved that the house adjourn. Lost, 154 to 65. Mr. Tracey, pursuing the filibustering program, moved that when the house adjourn it be to meet Wednesday. The point of order was raised that pending proceedings under the call a motion to fix a time for adjournment was not in order. After some debate the chair sustained the point of order.

The opponents of the seigniorage bill then refused to vote on the demand for the previous question on Mr. Bland's resolution to arrest absentees. Mr. Reed made the point of no quorum, but the occupant of the chair, Mr. Dockery, ruled that a quorum was not

necessary. The motion then recurred on the adoption of the resolution, which resulted 116 to nothing. Mr. Reed again made the point of no quorum, and in the midst of some excitement explained that in his opinion it required a quorum to pass a resolution whose execution lasted beyond the adjournment of the day. After an exchange of shots between Mr. Reed and Mr. Hatch the chair overruled the point of order and declared the resolution carried. Thereupon Mr. Bland moved to adjourn and the democrats went into caucus.

Mr. Boatner presided at the caucus and advocated a resolution to instruct the committee on rules to bring a rule to compel members to vote or be fined, but the caucus adjourned pending a vote on the resolution. Messrs. Bryan, Bland, Bynum, Springer, Williams (Miss.), and Hatch advocated the passage of two resolutions (offered by Mr. Bland) and in the course of speeches some very caustic reflections were indulged in. The following resolution was unanimously adopted:

"Resolved, That it is the sense of this caucus that the pending bill (the seigniorage silver bill) shall be the special business of the house to the exclusion of all other business until disposed of."

The democrats who were in the city but refused to attend the caucus may, if the declaration of Mr. Tracey is an indication, refuse to be bound by its action. Mr. Tracey, however, asserts now that even if the bill is brought to a vote it will be beaten. His opinion is not shared by the democratic house leaders, who still positively affirm that the passage of the bill is only a question of time. They expect twenty-two republican votes, nine populist votes, and with a full democratic attendance, 160 democrats, which would leave them a margin of twelve over a quorum.

SENATE PROCEEDINGS.

Senator Hale Secures the Printing of a Protest Against Free Lumber.

WASHINGTON, Feb. 20.—When the senate met yesterday Mr. Sherman who has been ill for several days, was again in his seat. A memorial from citizens of Maine protesting against putting lumber on the free list was presented by Senator Hale, who requested that it be printed as a senate document. After some talk it was finally so ordered.

The Hawaiian resolution was called up and Senator Daniel (dem., Va.) took the floor in support of it. The President, said Mr. Daniel, was fully within his constitutional warrant in all that he had done. He denounced Mr. Stevens, and, speaking of the landing of the troops under the plea that they were to protect American life and property, Mr. Daniel said that neither was threatened at the time, but the excuse was to be put in "cold storage," to be taken when needed. The facts were that the queen surrendered her crown only after assurances that her appeal would be passed upon at Washington, and this assurance, too, had been given by a representative of the revolutionists.

Many Applicants for Patents. WASHINGTON, Feb. 20.—The statement of the patent commissioners shows that 6,500 applications for patents are pending.

EDITORS IN SESSION.

Many Members of the Illinois Press Association in Chicago.

CHICAGO, Feb. 20.—Three hundred editors of various state papers are in Chicago to attend the twenty-ninth annual convention of the Illinois Press association. The yearly meeting is an event of no small importance to the newspaper men of the state, and every member of the association always has the press week "star-calendared." The present convention brings together the largest gathering of Illinois editors ever known, and the corridors and lobbies of the Lexington hotel, where the convention is held, were thronged at all hours of the day with groups of newspaper owners from every town in the state. The first day of the convention was spent in social reunion and sight-seeing, so there was no business meeting. In the evening a reception was given for the visitors in the parlors of the hotel. There was music and other entertainment.

MINERS RESUME WORK.

Hocking Valley Operators Agree to Rate Demanded.

COLUMBUS, Ohio, Feb. 20.—Secretary Patrick McBride says a number of operators in the Hocking Valley have agreed to pay the price for machine mining asked by the miners, and that about 2,000 miners went to work yesterday. J. S. Morton says the main features of the controversy between the Sunday Creek Coal company and the miners have been settled, and the 1,100 men are likely to go to work at any time. Mr. Morton says that a large number of miners in the Hocking Valley resumed work yesterday.

FRANCISCO HOME LOOTED

Thieves Enter the House Early this Morning and Make Away With Big Bags of Money—Police Are at a Loss For a Clue to those Who Did the Job.

SAN FRANCISCO, Feb. 20.—The residence of Howard Jacobson, a professional money lender of great wealth, was robbed of twelve thousand dollars in coin early this morning. The police have no clue to the robbers, who showed the most consummate boldness.

Tried to Lynch a President.

ATLANTIC, Iowa, Feb. 20.—The report of the examiner of the Cass County bank made public yesterday showed the condition of that institution to be about the same as already announced. A rumor that J. C. Yetzer, president of the bank, who is out on bonds, was preparing to leave the city caused considerable excitement. A mob of 200 people quickly gathered and proceeded to the depot to prevent his escape. Yetzer was found in a box car in the yards, where he had hidden himself. The crowd grew excited and yells of "Hang him!" were heard. Preparations were being made for a lynching, and he would undoubtedly have been strung up but for the prompt action of the police, who got him away from the crowd and took him to a place of safety.

Texas Jaybird Kills Three Men.

HOUSTON, Texas, Feb. 20.—The old Jaybird-Woodpecker political feud, which originated in Fort Bend county, had a bloody sequel in the Grand Central depot here last night. Among the passengers who alighted from a train were a man named York, D. Sutton, constable of Eagle Lake; Milton Sparks, and his wife, child and brother, also of Eagle Lake. As soon as York stepped on the platform Jim Mitchell, who was in the depot, opened fire, which was promptly returned, York falling after firing a second shot. Mitchell kept up his murderous fusillade until he had fired five shots. The result was that in addition to York being killed Sparks was shot to death, and Dan Gleason, an omnibus driver, was also killed. Mrs. Sparks, wife of the murdered man, was badly wounded, as was also a child she carried. A Mrs. McDowell, an aged woman, received one of the bullets and her chances of recovery are slim, while Sparks' brother received a wound. Mitchell was locked up in the city prison and there was considerable talk of lynching.

Ex-Cashier Langan Again Indicted.

LIMA, Ohio, Feb. 20.—The grand jury made its reports yesterday and among other indictments found is one containing seventeen counts against ex-Cashier Langan of the Lima National bank, which was closed three years ago by the controller of the currency, for embezzling money from the Columbus, Lima and Milwaukee railway company, of which he was the treasurer, and President B. C. Faurot of the same bank.

NATIONAL L. A. W.

Nearly Two Hundred Delegates Present at Louisville.

LOUISVILLE, Ky., Feb. 20.—The National Assembly League of American Wheelmen met at the Galt house at 10:35 o'clock yesterday. There were ninety-five representatives present and eighty-three proxies, making a total of 178 out of 184 in the assembly. The fight for the next annual meet is between Denver and Asbury Park. The two divisions have established headquarters and are making a vigorous fight.

Thomas F. Sheridan of Illinois submitted a report concerning the financial outcome of the international meet held at Chicago. There was a deficit of \$700.

Charles H. Luscomb was elected president over Thomas F. Sheridan of Illinois by a vote of 126 to 55. A. C. Willison, Maryland, first vice-president, and George A. Perkins, Massachusetts, second vice-president, had no opposition and were unanimously elected. W. M. Brewster of Missouri defeated A. E. Mergenthaler of Ohio for treasurer by a vote of 123 to 58.

Boston withdrew from the race for the 1894 meet. It was the sense of the meeting that the 1895 meet should be held in Boston. The Denver delegates say they are still in the fight.

Settled Without Pistols.

LEXINGTON, Ky., Feb. 20.—Charles Kerr, on behalf of the Morning Transcript and Leslie Combs on behalf of Mayor Henry T. Duncan, arbitrated the differences between the editors of the Transcript and the mayor. Each side withdrew the objectionable statements made and what promised to be a bloody tragedy has been avoided.

Banks Robbed at Afton, Iowa.

AFTON, Iowa, Feb. 20.—The Afton bank and the Citizens' bank of Afton were robbed last night. The burglar-proof safes where the money was kept could not be opened. The only plunder secured was \$1,000 in postage stamps taken from the vault of the Afton bank.

CROWDED ASYLUM
GOES UP IN FLAMES.

Annex to the State Insane Asylum Discovered to Be in Flames At An Early Hour—Panic In Corridors Full of Women—Many Narrow Escapes Reported.

ROCHESTER, Feb. 20.—The annex to the state insane asylum was totally destroyed by fire early this morning. The loss is \$150,000, and there was no insurance. The annex was occupied by women, many of whom had narrow escapes.

CHICAGO, Feb. 20.—The immense tin can and japanned ware factory of Norton Bros. was destroyed by fire last night. The blaze started at 11:30 o'clock but it was 2:30 o'clock this morning before the flames were under control. Persistent work by the firemen prevented the spread of the flames outside of the four walls of the Norton establishment. It took twenty-three engines and the two fire boats to conquer the flames. The direct monetary damage is \$600,000, but as 600 men and women are thrown out of work by the fire the loss is much greater than told by these figures.

RIOT OF INDIANA WORKMEN

Police Have to be Called and Their Timely Arrival Prevents Murder.

INDIANAPOLIS, Ind., Feb. 20.—The unemployed of this city rioted at Garfield park all day, and but for the timely arrival of a squad of police Supt. Tallentire might have been butchered. A large number of idle men who have been given work at the park is composed of negroes. Yesterday morning 300 men reported for work. They had not been employed since last Thursday on account of the storm and were in ugly temper. Many of them claimed to be out of provisions at home. It made the matter worse when Supt. Tallentire arrived and announced that only a few could be given work, as the tools were scattered over the city by the squad which had been cleaning the streets. Trouble at once commenced and, fearing an insurrection, Tallentire sent a man to telephone for police aid. The temper of the mob at once became uncontrollable and the ringleaders threatened to kill Tallentire. They were about to put their threats into execution when the police arrived. For an instant the fury of the men was turned on the bluecoats and a bloody fight seemed imminent until a navy officer, followed by a half dozen policemen, worked through the crowd and placed a number under arrest, after which the mob subsided.

Leaders of a Robber Gang Arrested.

HAMMOND, Ind., Feb. 20.—Charles Jones and Fred Field, leaders of a gang of housebreakers and general robbers, were arrested last night by officers while stealing a lot of brass and chemicals from the Northwestern Electrical Works in this city. At the jail they made a full confession implicating a score of others, including several in Chicago, where they disposed of their booty. The gang has infested Northern Indiana for the last eight months.

LANSING, Mich., Feb. 20.—Secretary of State Joachim, Treasurer Hamblitz, and Land Commissioner Berry, the erring officials who failed to canvass the returns upon the salaries amendment last spring, were formally removed from office by Gov. Rich yesterday.

TO AID WOMEN IN KANSAS.

Fourth Day's Proceedings of the Woman's Suffrage Convention.

WASHINGTON, Feb. 20.—Reports of committees occupied much of the attention of the morning session of the fourth day of the Woman's Suffrage convention. Mrs. Clara Berwick Colby made the report of what steps had been taken to bring the woman suffrage question before congress. Contributions from the several state delegations to assist in the work in Kansas were solicited and a generous response was made. Nearly all the states represented pledged some money, with the exception of New York. The total amount subscribed for Kansas work was \$2,200. Mrs. Harriet Taylor Upton read the treasurer's report, showing a slight surplus for the year.

The election of officers for the next year resulted as follows: Susan B. Anthony, president; Rev. Anna Shaw of Philadelphia, vice-president-at-large; Rachel Foster Avery of Philadelphia, corresponding secretary; Mrs. Harriet Taylor Upton of Iowa, treasurer, and Mrs. Ellen B. Dietrich of Boston and Josephine K. Henry of Kentucky, auditors.

CHRIS EVANS CAPTURED.

Taken With Morrell, His Companion In Crime, by a Sheriff's Posse.

VISALIA, Cal., Feb. 20.—Marshal Gard and Sheriff Kay, with a posse, have had the Evans house surrounded since 3 o'clock yesterday.

CHRIS EVANS. Evans and Morrell are said to have been in the house since Saturday night. A Mrs. Brighton is in the Evans house with his children. An effort is now being made to get them out of doors.

Toward noon a flag of truce was shown and Evans announced that he and Morrell were ready to surrender. Evans and Morrell are now behind the bars in the county jail. The messages between them and the sheriff's posse after the flag of truce was displayed were carried by Evans' little boy. Evans looks very rough and shaggy. Morrell looked serious and very much cast down by his condition. Evans is one of the boldest desperadoes in the west. He and Morrell escaped from Fresno jail some months ago, and posses have been scouring the state for ever since.

It is believed that they participated in the train robbery on the Southern Pacific road, near Roscoe, Los Angeles county, last Friday, when two men were killed, but that is merely conjecture. The capture of the bandits will occasion much rejoicing throughout the state, for so long as they were at large the officers of the law knew that their robberies and murders would continue.

AIDS MISS POLLARD.

Mrs. Blackburn's Testimony Strongly Against Col. Breckinridge.

CINCINNATI, Ohio, Feb. 20.—One of the most interesting depositions in the Pollard-Breckinridge breach of promise case is that of Mrs. Julia C. Blackburn, widow of the late Gov. Luke Blackburn of Kentucky, taken at the Portland flats in Washington two weeks ago. Mrs. Blackburn is against the action of Col. Breckinridge and her evidence will be valuable to Miss Pollard.

DANVILLE, Ky., Feb. 20.—Charles Stoll, representing Col. Breckinridge and E. P. Farrell, representing Miss Pollard, took the deposition of Dr. T. M. Lewis of this county yesterday in the Pollard-Breckinridge suit. Dr. Lewis testified that in February, 1885, Col. Swope by appointment met him in this city and asked him if he would perform a criminal operation upon a Miss Pollard, who used to live at Crab Orchard, Ky., that Col. Swope was responsible for the condition.

SCANLAN'S HOT TALK.

Closing His Argument in the Celebrated Coughlin Trial.

CHICAGO, Feb. 20.—As the Coughlin trial draws to its close it grows in interest. Yesterday the court room was comfortably filled before the jury entered. Kickham Scanlan was booked to close his speech. Judge Wing, whose face has not been seen in court since Mr. Scanlan began his argument, walked in early and took his seat beside his associate, Mr. Donahoe. The semi-circular bench at the railing that divides the lawyers' tables from the open room was occupied by women and perhaps the jury looked a little less tired than usual. Mr. Scanlan had intended to finish his argument early, but just before he began he made the remark that he would probably consume the entire day in his closing effort.

This will in all probability throw the case into next week. Mr. Donahoe will speak to-morrow and he also will want two days. His address will carry the week up to Thursday, which is a holiday. Mr. Wing will certainly want Friday and Saturday, and that will necessitate Mr. Bottom's making the final argument for the people next week. If the case gets to the jury by one week from next Wednesday it is all that the court habitues expect.

The subject of all the talk seems to take the slowness of the action quietly, although he does not hesitate to say that he wishes it was well over.

Mr. Scanlan took up the thread of his argument where he left off at noon Saturday, when he was talking about the broken-down testimony of Dr. Todd. The speaker had not the medical knowledge of Mr. Wing or Mr. Bottom, but he would discuss the theory of the defense that Dr. Cronin died of sclerosis of the kidneys from the standpoint of an ordinary man. This theory, he said, presumed that Dr. Cronin, in the spring of 1889, discovered that he was suffering from sclerosis, consumption, heart disease and so on, and that he had determined to die like Samson—to crush his enemies with his downfall. It presumed that Dr. Cronin induced Silmonds to rent the flat Burke to hire the Carlson cottage, Coughlin to hire the horse and the rest of the conspirators to beat him to death. Not only that, but he arranged to be stripped and thrown into the sewer.

Judge Wing made many objections during the speech, but was generally overruled. After luncheon Mr. Scanlan resumed his argument, which he closed about 4 o'clock.

American Flour in Africa.

WASHINGTON, Feb. 20.—Consul Jewett at Sierra Leone, Africa, reports that 11,000 barrels of American flour was used there last year.

STOLE A FAIR MISS
THE POLICE CLAIM.DR. T. E. BILLINGS'S HONEYMOON
SUDDENLY ENDED.

Her Parents at Lancaster Are Fearful That a Marriage Certificate Cannot Be Produced So they Swear Out a Warrant For the Willy Physician.

MONROE, Feb. 20.—The honeymoon of "Dr. T. E. Billings and wife" came to a sudden end here when they were arrested and taken to Plattville. Billings claimed to be a specialist on fits and while at Lancaster, he became acquainted with the young woman who was with him, and, it is alleged, took her from home. Her parents are quite anxious about Billings producing a marriage certificate. Since he left Lancaster the police have been in search of him. He was cool when arrested, but this did not satisfy the officer that he was married and he gathered them in to settle the question at Plattville.

FROM HAWAII.

Correspondence from Minister Willis Sent to the Senate.

WASHINGTON, Feb. 20.—The President yesterday transmitted to congress another chapter in the volume of Hawaiian correspondence, including dispatches which arrived from Hawaii at San Francisco Feb. 10 and reached the state department Saturday morning. In commenting upon the celebration of the first anniversary of the founding of the provisional government he complains of speeches made and articles in Hawaiian newspapers relative to the action of the United States authorities, and from the additional details furnished it appears there are ample grounds for the minister's complaint that the Hawaiians have been indulging in severe criticisms upon the minister and his government. The reports of the speeches show that everywhere they abounded in talk of annexation, which they confidently expect is to be the outcome of the present conditions.

The second letter in the correspondence is dated Jan. 19, and is merely a letter from Mr. Willis to Secretary Gresham, transmitting President Dole's letter and his reply, without further comment than that, "It will on my part end the correspondence on the subject." The Dole letter (in regard to Mr. Willis' attitude, showing the intention to use force) has already been published. Mr. Willis' reply to it bears date of Jan. 13.

POTTERS ON A STRIKE.

Five Thousand Men at Trenton, N. J., Refuse a Wage Reduction.

TRENTON, N. J., Feb. 20.—None of the employees in the five potteries of the Trenton syndicate which made a reduction in wages with a hold-back of 20 per cent yesterday went to work. The men who went out are crockery ware potters and there are nearly 5,000 of them.

PITTSBURG, Pa., Feb. 20.—The delegates of the First district of the Amalgamated Association of Iron and Steel Workers have decided to stand by the organization and the amalgamated wage scale. NASHVILLE, Tenn., Feb. 20.—The representatives of the four railroad organizations, trainmen, conductors, firemen, and switchmen, affected by the abrogation of the wage agreement by President Thomas of the Nashville, Chattanooga and St. Louis railway finished their conference here yesterday and the old agreement was practically renewed. The men, however, agreed to accept a temporary reduction of 10 per cent.

Canada's Parliament.

OTTAWA, Canada, Feb. 20.—The forthcoming session of parliament will be a long and lively one. The subcommittee on tariff revision will be ready with its report. The outcome will be a tariff bill with some important revisions, but modeled purely on the line of protection. The liberals will fight for tariff for revenue only with free trade in view. Rumor says that some interesting developments will come out during the session as to wrong-doing on the part of some of those holding high positions in the government.

Arguing Prendergast's Case.

CHICAGO, Feb. 20.—Attorney Trude concluded his argument before Judge Brentano to-day in reply to the pleadings of Assassin Prendergast's attorneys for a new trial. He made a brilliant speech in answer to the attorneys for the defense and said that to disregard the verdict of the jury based upon the law of evidence would be a menace to the community. Attorney C. S. Darrow spoke during the afternoon session and closed the argument for the defense.

Even the Most Enthusiastic Workers Had Not Expected to Have the Highly Successful Meetings that Have Been Held for Some Weeks Past.

CLINTON, Feb. 20.—A temperance wave is sweeping over Clinton and the most sanguine friends of the work scarcely expected to meet with such success as has attended their efforts. The large attendance of the first Sunday meetings have increased each week. The crowds that attend the Friday evening entertainments have become so large that the hall will not hold them and a larger place has been provided. The temperance organizations are in a prosperous condition and are all much encouraged.

DID NOT GAIN A POINT.

Colonel Clark's action in Janesville last week has not strengthened his case at the bar of public opinion. The impression that has gone out is shown by the Oshkosh Northwestern's declaration: "The refusal of Colonel Clark to testify has added the ridiculous to the scandalous." The Northwestern continues:

"After all preparations had been made at Janesville for the taking of Clark's testimony he got upon the stand and flatly refused to answer a question, claiming that he was a resident of Milwaukee and not of Janesville. The commissioner pronounced him guilty of contempt and cited him to the circuit court for punishment. But the attorneys do not propose to allow him to escape the ordeal in such a manner, and have summoned him to appear in Milwaukee next Wednesday to testify. It is difficult to discern the object in this refusal to testify at Janesville. It can only prejudice his case in the public mind. If the capitol ring hopes to make Clark a scapegoat nothing could have served their purpose better than this refusal on his part to testify. The deeper into this roster job the probe has gone the rotter it looks."

HE DIDN'T LIKE THE PROSPECT.

"Partner" Bashford and Attorney General O'Connor didn't help the cause of the roster case defendants much by their testimony. Bashford testified that he told McFall and the Dows that if they had put their money into the contract on the strength of his opinion they were foolish. He told them at that interview that Clark had shown himself to be "a d-d second-rate." He also testified that he advised Mr. McFall to drop his libel suit against The State Journal company for the reason that it would bring out the details of the roster matter and create a scandal. The defendants are all troubled with memories so bad that they are on the verge of going to jail for contempt of court most of the time, but when they do have lucid moments they make very interesting statements.

The only way Editor Merrill, of the Prairie du Chien Courier (dem.) sees for President Cleveland to secure party harmony is to give every kicker an office. The president hit on that solution of his congressional difficulties long ago, but after buying two or three more confirmations of the senate he will be short on vacancies.

Mayor Thoroughgood in his address to the high school to-day took occasion to state more clearly his objection to a new building at this time. "There is need of one," he said, "from the reports of the school board I have no doubt of this. Nor am I antagonistic in this matter; my inclination is simply to wait until the present dull times are past."

PYTHIANS SPENT MERRY HOURS

The Thirtieth Anniversary of the Order's Founding Suitably Marked.

Janesville Pythians and their ladies enjoyed an informal party last night in commemoration of their orders birth. Thirty years ago the Knights of Pythias were established in Washington. For fifteen years it languished, but in the last fifteen years it has grown until as Ogden H. Fether said last night "it now numbers 48,000 marching men." Mr. Fether and S. B. Smith made the addresses of the evening. There was a reading by Mrs. Amy Christman and music by Smith's orchestra and Professor William Thiel. Later there was dancing and card playing.

WHY CAN'T I WORK?

WHY DO I GET WEAK AND TIRED SO EASILY?

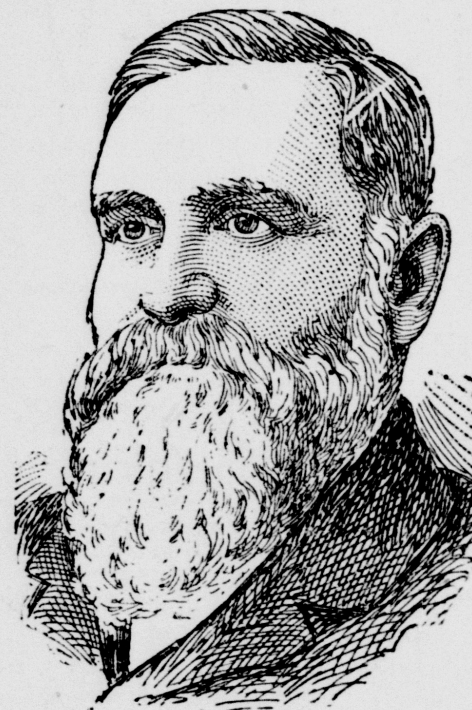

Questions that Are Constantly Asked By Thousands—A Prominent Business Man Gives Advice Needed By Everybody.

The world is filled with weak, suffering men and women. Oh! if they could be made well and strong how different their lives would be! And they can be so just as well as not. Read the following letter from Mr. Joseph A. Slayton, one of the most prominent men of Calais, Vt.:

"Two years ago I was taken with the grippe. I had to take to my bed and was very sick. I came very near death. I was confined to my bed six weeks. When I got up I was very weak and could not just get around. I employed physicians who did me very little good.

"I had serious trouble with my heart, so bad that I fell and received serious injury. I was completely run down and could not do any work on account of nervous prostration. I was thoroughly discouraged. A friend advised me to try Dr. Greene's Nervura blood and nerve remedy.

"I had to have something to help me immediately or I could not live long.

JOSEPH A. SLAYTON, ESQ.

"Other medicines which I had tried did me no good. I took one bottle of Dr. Greene's Nervura blood and nerve remedy and it set me right on my feet.

"I could not help having faith in this wonderful medicine even if I wanted to. It cured me completely. Before I took it I was so dizzy I did not dare go away to work alone. I would fall down and hurt me badly. Since taking Dr. Greene's Nervura blood and nerve remedy, my health is good and my nerves are steady. I know it is the best medicine, and advise all to use it.

If you are weak, sickly nervous, run down, or have any nervous or chronic disease, take Dr. Greene's Nervura blood and nerve remedy. It will surely cure you. The spring is the best time to take it. You can always be cured quickest at this season. Everybody needs a spring medicine, and there is none which will do as much for you as Dr. Greene's Nervura blood and nerve remedy. It is a positive cure. Try it. It is purely vegetable and harmless and is the discovery of Dr. Greene, of 35 West 14th street, New York City, the most successful specialist in curing nervous and chronic diseases. He can be consulted personally or by letter, free of charge.

Tired, Weak, Nervous

"I was in a discouraging condition, my health and strength almost gone. I had that tired feeling frequently, and had rheumatism so severely that I had to walk with a cane. I felt tired of life and was a burden to others. Nervous spells and dizziness added to my sufferings and greatly reduced my strength. I began to take Hood's Sarsaparilla and soon was so much better that I kept on until I felt like a different person. I owe my present good health to Hood's Sarsaparilla Cures.

Sarsaparilla and cordially recommend it as a good all-round medicine." Mrs. MARY C. CRYDERMAN, La Fontaine, Kansas.

C. C. WARREN DEAD IN NEW MEXICO

Consumption Was Fatal Despite the Southern Air—Was Well Known Here.

Sad news came to Charles C. Warren, the St. Paul engineer, this morning. It was a notification of the death of his cousin and namesake Charles Clinton Warren, who died at Los Vegas, N. M., where he had gone in hopes of regaining his health, he being a consumptive. Mr. Warren was an exceptionally bright going man and was employed in the railway mail service. At the time of his death he was second clerk on the Chicago, St. Paul run passing through Janesville on the limited. Mr. Warren's home was at Albany but he was well known here, he being a nephew of Dr. J. H. Warren, who formerly lived here. The remains will be brought back to Albany.

When they entered it a bomb fell from a shelf, exploding and wrecking the room and shattering Calabresi's body and wounding seriously the two lodgers.

MAYOR SAYS WE NEED A NEW HIGH SCHOOL

JANESVILLE'S CHIEF EXECUTIVE CHANGES HIS MIND.

Visit to the Third Ward Building this Morning Satisfied Him that Steps Must Be Taken In the Near Future to Provide Better Accommodations.

Mayor Thoroughgood addressed the pupils of the High school this morning. It was not only the mayor's first official visit to the high school, it was his first un-official visit as well.

"I have changed my mind," said his honor very frankly, after he had made the rounds of the building. "I never had occasion to visit the school and my visit has convinced me that the accommodations of the high school are not what they should be. It is evident to any one who will visit the school that something must soon be done to remedy the many difficulties that are now contending with. That a new building is required cannot be disputed, and so far as that goes I heartily concur in the demands of the school board. I think this an unfortunate time to put forward the scheme, but a new building is one of the things that must be provided in the near future. I wish it could be delayed until money matters were more easy, but I am afraid the question will force itself upon us in a way that it cannot be put off."

Told of School Days In England.

The mayor's address was very brief. He said most of his school days were in a school where school pence was paid every week, the same as piano or other special lessons are now paid for. Many of these schools were held in private houses, and an intelligent boy or girl would not have to study long or hard before being able to teach some of the school masters. He told of his attending school at twelve years of age. "Being somewhat further advanced than some others I was made a monitor," he said. "That relieved my father of paying school pence. One of my duties was to mark the attendance of half days for factory scholars; each factory having a book containing the names of each boy or girl working. This book was returned to the mill office each week where it was inspected, the attendance of the boy or girl being recorded therein, and any absence from school was punishable by fine if no satisfactory reason could be given. The fine was imposed upon the firm where the little folks were employed."

ASHTON WAS BURIED LATE LAST NIGHT.

HE TALKED WITH SHERIFF BROWN OF HIS CRIME.

Few Days Before His Death He Declared His Innocence—Remains Laid in Madison But Will Be Brought Back to Fulton as Soon as Possible.

M. E. Ashton's body will be in the cemetery at Madison for a time and will then be brought to Fulton in a sealed metallic case. The burial took place late at night after people had left the streets.

The nurses who cared for him during his illness performed the last offices for him.

Ashton firmly maintained his innocence of the crime for which he was convicted to the last. A day or two before his first sickness he talked with considerable freedom with Sheriff Brown and affirmed that he was not guilty. The Madison Journal in telling of this interview says:

"Ashton did not tell his story at the trial, his attorneys advising against his taking the stand. The main reason for this is understood to be that a contest over the dead woman's will is pending, involving property worth about \$100,000, and it was important to withhold some things which would have been developed by his testimony."

Ashton's disease, which at first appeared to be of a mild form, developed into the worst type, the dreaded black smallpox. He had the best possible care, the attendance of a skilled physician, and two and latterly three nurses, and had the best quarters at the jail. He was in an extremely nervous state, owing to the strain of his trial and his anxiety for the future, and was not in good condition to withstand the disease.

To-day the Madison jail was thoroughly disinfected under the direction of the health officers. Everything in the part of the jail occupied by Ashton was burned, and while there were no other prisoners in the same part of the jail, those on any of the upper floors were put through a thorough disinfecting process. There is no indication of any spread of the disease so far, and every precaution will be taken to prevent such a disaster.

COAL COMPANY'S LOSS WAS \$140

Insurance and Personal Property Paid—Dispute as to Building.

One hundred and forty dollars is the sum fixed by the insurance adjusters as to the loss sustained by the Janesville Coal Company on personal property at the recent fire in their yards, and this sum has been accepted as satisfactory. The loss on the building has not been settled, the adjusters and owners not agreeing as to the extent of damages. The building was insured for \$500, and the same amount was carried on the contents.

Dr. McChesney, the Great Specialist Spoken of Highly.

A peep into Dr. H. A. McChesney's parlors in the Wilcox block, will soon convince one that the doctor has a practice that is the largest in the city. From the opening of his office in the morning until it closes at night, there is a continual stream of people going there in quest of the relief he can give for diseases of the eye, ear, nose, throat and lungs. The doctors great work is bearing good fruit. As one passes up and down the street you will come in contact with many who are under his care. Some of them are personally acquainted with, and when you converse with them, you will at once discover that they cannot say too much for the doctor. For instance we met O. D. Lincoln, traveling salesman for M. D. Wells & Co. and being personally acquainted with Mr. Lincoln, and knowing he was treating with the doctor for a long-standing case of catarrh, we spoke to him in regard to it. He said: "Dr. McChesney is doing me a wonderful amount of good. He is curing me, my catarrh is now better than it has ever been, and I feel sure that Dr. McChesney will cure me. I never fail to recommend the doctor to any and every one suffering with catarrh, as I feel that his treatment is a success." Such words of praise are daily coming from every lip. In fact, if the doctor was not the success he is, he would not to-day have over a hundred patients under his care.

NO CREDIT AT EXPRESS OFFICES

Adopted the Same "Democrat Times Rule" As the Railroads.

You can't get credit at the express offices any more, Agents McLean of the American, and Ellinger of the Adams both being notified today that the company has made that rule heretofore people who were responsible have been allowed credit but the company has been forced to break the rule and enforce payment on delivery. The rule is the same as the railway corporation put in force some time ago and is one of the things that goes with the uncertainty attending the "good old democratic times."

"The rule makes less work for the merchants and me too," said Agent McLean this morning. "It will be found to make less bookkeeping when people get used to it. Then I have frequently had to pay accounts myself when I have given credit, and I am glad to see the rule go into effect. It is none of my doing but it's business."

B. F. DUNWIDDIE'S BILL IS \$840

Prosecuting the Ashton Case Involved Much Hard Work.

Attorney B. F. Dunwiddie put in a bill for \$840 for services in assisting the district attorney in the Ashton murder case, being at the rate of fifteen dollars a day. The bill has been audited.

There is no doubt that even \$840 is a meagre sum for the work done by District Attorney Wheeler's assistant. This will be seen when it is contrasted with the sums assigned by popular report to the attorneys for the defense. It emphasizes, however, the insufficiency of the pay which the district attorney himself receives. For carrying on the Ashton case as well as looking after all the other legal business of the country for twelve months District Attorney Wheeler will receive \$1,000.

KUECK HAD A CLAIM ON KIDNAPED COWS.

BORDER TRICKS DISCOURAGED BY THE ALDERMAN.

D. Schoof's Cattle Were Mortgaged In His Favor and He Didn't Want People to Come In With Old Notes and Take Away the Collateral.

Next time anybody runs off with D. Schoof's cattle they will look out for mortgages.

Schoof lives between Janesville and Beloit. Two men came to his farm Friday night and "dickered" for a couple of cows. Schoof offered to sell for \$10 and was accepted. They drove the cows out of the pasture and then offered two of Schoof's own notes, long over-due, in pay. He refused, and to avoid controversy one of them poked the notes into the unwilling farmer's shirt front and held him up against a fence while his companion hurried the cows out of sight.

Schoof didn't recognize the men but their names were on the notes. He hurried to Janesville and hunted up Alderman C. H. Kueck. Kueck had a mortgage on the cows and

HAD ROOMS TO LET.

A Little Man Who Allowed the Newsboys to Bother Him.

This is about a Louisville man whom little things bother until he is not sure of his name, age or politics. If the fret and worry over trifles were taken out of his life, he would be very happy, for a real misfortune does not disturb him at all. One of the small things which throws completely out of joint his peace of mind, is the way newsboys nag after him. He has the papers left at his home, but statements to this effect to the newsboys have been treated with derision. The other day in order not to be yelled at any more, he waited until a great number of newsboys had gathered on the Green street side of the Journal building. Then he walked solemnly over to where they were standing and said:

"Young gentlemen, will you please be so kind as to examine my features very closely. No, I am not pretty, but I am very earnest in this request. Don't ever try to sell me a paper. I never buy a newspaper on the streets. Now, will you please be so kind as to remember this, for I might do something violent. Good day, young gentlemen." As the man walked away one of the newsboys said:

"He's got rooms to rent in his upper story."

"Now," said the hero of this incident to a friend yesterday, "what in the world could that boy have meant by that? I am not a real estate owner and have no rooms to let."

IN A NEW LIGHT.

The Girl Gave a Perspective Picture That Fetched the Old Man.

The young woman was trying to persuade her father to give his consent to her accepting a very worthy young man he did not want her to marry, and he was stubborn.

"But, papa," she insisted, "he is the man of my choice."

"Well, he isn't the man of my choice, and you shall not marry him," he persisted.

The girl grew firm at once.

"Now, look here, papa," she said. "Some day my daughter will probably come to her father as I'm coming to you, and he will refuse as you are doing. Then my daughter will say coaxingly to her father, 'But, papa, you were mamma's choice,' and then, in reply to that would you like to have that man say to your granddaughter, 'No, I wasn't, I was your grandfather's choice?' Answer me that. Do you think it would be a pleasant thing for that man to say to your granddaughter?"

The father blinked two or three times and rubbed his nose of thought. "Um—er—um—" he hesitated. "It hadn't quite struck me that way before. I guess you can have your own way about it," and up to date nobody has heard any cause to regret the girl's successful argument.

Curious Chinese Proverbs.

The ripest fruit grows on the roughest wall. It is the small wheels of the carriage that come in first. The man who holds the ladder at the bottom is frequently of more service than he who is stationed at the top of it. The turtle, though brought in at the back gate, takes the head of the table. Better be the cat in a philanthropist's family than a mutton-pie at a king's banquet. The learned pig didn't learn its letters in a day. The top strawberries are eaten first. Pride sleeps in a gilded crown; contentment in a cotton nightcap.

I have been bothered with catarrh for about twenty years; I had lost sense of smell entirely, and had almost lost my hearing. My eyes were getting so dim that I had to get some one to thread my needle. Now I have my hearing as well as I ever had, and I can see to thread as fine a needle as I ever did; my sense of smell is partly restored and it seems to be improving all the time. I think there is nothing like Ely's Cream Balm for catarrh. Mrs. E. F. Grimes, Rendell, Perry Co., O.

He Wanted a Watermill.

One old colored man excited some considerable amusement as he passed through the market, peering to the right and to the left, and into every corner. Of course he was greeted with many inquiries from the dealers and would-be sellers. To all he replied: "No sah, gentlemen, don't see nuffin' I want er get. I've got isters an' 'possum an' a big turk, what uster—(what I fool, nigger, I is just'er 'bout ter tell sumfin') I've got eberythin but a watermill yun. 'Pears like I ought'er hab dat."

The Chinese Six Companies.

The Chinese Six Companies represent the six districts near Canton, China, from which nearly all the immigrants come to this country. The companies bring the immigrants here, paying their passage, supporting them until they get work, buying them when they die and taking their bones back to China. For all this they exact enormous rates of interest, and blackmail their subjects from time to time as occasion arises. The highbinders are simply the agents of the companies in blackmailing or in removing Chinamen who refuse to be blackmailed or are otherwise obnoxious to the companies.
